- Payment: ____ days after we receive the signed rate confirmation, a clean signed POD/BOL and your invoice.
- The rate above is the total for this load. Detention, layover, lumper or any other charge must be approved in writing by our dispatch before it is incurred, with receipts.
- The carrier must haul this load on its own authority with its own equipment and drivers. Re-brokering, co-brokering or assigning this load to another carrier is not allowed and voids payment.
- Check calls: at pickup, daily while in transit, and at delivery. Report any delay, damage, shortage or overage to dispatch right away.
- The carrier must keep auto liability and cargo insurance in force for the full trip, at the limits in our broker-carrier agreement. The certificate must list us as certificate holder.
- Send the signed POD/BOL within 24 hours of delivery. Payment is subject to a clean delivery.
- This load is also governed by the broker-carrier agreement between us. If the two differ, this rate confirmation controls the rate, stops and dates for this load only.
